AUCPB ON THE EVENTS IN THE MIDDLE EAST

We all watched with great interest the developments in Tunisia, then in Egypt and other countries of North Africa and the Mediterranean.

First, the people rebelled in Tunisia. Mass thousands of demonstrations, which lasted almost a month, have shaken the country. Tunisian President Zine el-Abidine Ben Ali on January 14 had fled to Saudi Arabia. The people celebrated their victory.

THE JUCHE IDEA AND THE LESSONS OF THE LIBYAN COUNTER REVOLUTION

A couple of years ago, a number of senior officials, including the author of the Diary, had seen with their own eyes a number of towns and cities in the coastal area of Libya. During a discussion of practical issues of interstate cooperation, a personal meeting with the leader of the Libyan Revolution Muammar al-Gaddafi was requested. After addressing these issues and the transfer of greetings and best wishes of the great leader comrade Kim Jong Il to the Arab revolutionary Gaddafi, the conversation turned to a lengthy discussion of ideological and theoretical problems. Everything that was examined on that day has been confirmed by events at this historic juncture.

UKRAINE IS BEING FORCED INTO SLAVERY

In December, to the post of head of the NBU (National Bank of Ukraine) instead of V. Stelmakh, many years head of the institution (which, while serving as head of Yushchenko's National Bank, was its first deputy), Sergei Arbusov was appointed.

As noted by commentators, the appointment of 35-year-old banker from Donetsk, V.S. Arbusov as head of NBU, means the completion of the concentration of all power in the hands of the President of Ukraine Viktor Yanukovich.

OH, IF ONLY YEVGRAFITCH WAS HERE! CRUSADE BY THE AUTHORITIES AGAINST EVERYTHING SOVIET AND THE SOVIET PEOPLE IS UNFOLDING

On February 1, 2011 in Yekaterinburg, Dmitry Medvedev chaired a meeting of the Presidential Council on Civil Society and Human Rights. A transcript of this significant event has been posted on the presidential website. At the meeting were discussed several issues, the chief among them being - how to overcome the remnants of totalitarianism in the public consciousness of Russian citizens in everyday practice.

ABOUT THE TIME OF THE BOLSHEVIKS

In certain sections of the leftist orientated youth can see a sort of "guilt complex" towards past generations. Its manifestations are peculiar images (called "demotivators") - like the obelisk photos of the Defenders of Leningrad with the caption "When I die, I want to shake their hand on an equal footing and not get spat in the face" or multiple images of war veterans, signed "Sorry, Father ... ", as well as revelations on the Internet on the topic: "In 1993, we were still very little, otherwise I would also have gone to Moscow to defend Soviet power."

ANNIVERSARY OF THE LAUNCH OF THE LUNA-9

Forty-five years ago, on Feb. 3, 1966, there was a significant event in the development of outer space by mankind. The Soviet automatic interplanetary lunar station "Luna-9, made a soft landing on the lunar surface of the Moon in the Ocean of Storms. The world's first vehicle created by earthlings had "landed on another planetary body". It was a triumph!
